卓藝
IQ Hong Kong Ltd

IQ Hong Kong is in the business of designing, manufacturing, and exporting its unique and original LED products.
With a vision that someday LED lights would be more widely used for portable lighting, IQ developed a vast array of products ranging from Zoolight novelty key chains to Rocketlight professional tactical flashlights. Our commitment to quality and high standards has resulted in our products now being sold in over 40 countries worldwide. Though the majority of IQ's business lies in its own brands, ODM and OEM services are also available.
