

Mega Pet

Mega Pet is one of the Hong Kong's best-known pet service company. Other than over 10,000 product for pets, they also provide professional pet grooming service.

In order to provide the best working environment for the staff. Mega Pet has further expanded her office . After discussion with FiC design team, we have provide a proposal which balance

the storage requirement and comfortable spacing. Different material combination and hanging storage are used to create the functional partition.

On another hand, the Sky Chair is the clever selection to create a modern looking office with comfortable sitting experience.
